Departed from Plymouth to Buenos Aires.	The Endurance departs from Buenos Aires to Antarctica.	The Endurance first encounters pack ice.	Endurance becomes immobilised in pack ice.	The Endurance is now badly damaged having been stuck in the ice for over 9 months - Abandon Ship! Ocean Camp established.	Endurance sank.

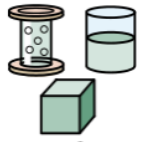

We see things when the light from a source enters our eyes.

The light goes from the light sources, bounces off the object and into your eyes so that you can see the object.
